THE governmental and political questions of the

coming year will have an absorbing interest for every

citizen. We are engaged in a gigantic civil war, the re-

suit of which none can foresee. It threatens a radica

change in the justitutions and principles upon which the Government was founded, and the destruction of the

liberty' and rights of the citizen, such as the

people of no other nation have enjoyed, and t which may be attributed our unequaled progress in national prosperity and greatness. The issue will

soon be upon us, whether this free Government shall be

preserved and maintained and the rights of the States

authority be permitted to grow out of this war, obliter-

ating State lines, State institutions, and all those checks

upon the Federal Government, rights reserved by the

States, which have constituted the excellence and supe

riority of our nationality-States"one as the sea" for
